Donor Coordination and Partnerships

1. On 17th and 18th of December 2015, **Malian Government and donors held a technical session on the new strategic document for growth and poverty reduction in Mali, called Strategic Framework for Economic Recovery and Sustainable Development of Mali** (*Cadre Stratégique pour la*

Relance Economique et le Développement Durable du Mali - CREED) for 2016-2018.

The CREED is articulated over 3 main aspects: (1) budgetary performance of programmes; (2) institutional modernization measures; (3) quick impact activities. A policy validation meeting is planned for January 2016.

Peacebuilding Fund (PBF)

1. On 4th of December, **the PBF Joint Steering Committee took place at the Ministry of Foreign Affairs**, with the participation of Civil Society, European Union, executing UN agencies, AE2C consultancy and MINUSMA. This was an opportunity for the Joint Steering Committee to validate the 2015 joint annual report and to remind the strategic and catalytic importance of the PBF funds in Mali. Like other funding mechanisms, the PBF support constitutes an array of peace dividends projects which are essential to local communities.

During this meeting, AE2C consultancy presented the current baseline situation in the field, from which the results of the programme as a whole will be evaluated. In this regard, an innovative monitoring mechanism is put in place at community level to track the achievements and their impact in terms of peacebuilding.

2. In the context of the UNICEF PBF project of education for peacebuilding in the north of Mali, Gao and Timbuktu regions' Teaching Academies are organizing an inter-school contest on peace culture. Participants include all schools from the 2 regions, plus not attending ('non scolarisés') and out-of-school ('déscolarisés') children which follow the Accelerated Education Programme. They will craft peace messages in diverse forms (poems, sketches, songs, choreography, drawings, essays, ...), during 2016. ▼

To deal with the political, institutional and security crisis that deeply destabilized Mali since 2012, the Malian Government and the United Nations System in Mali resorted to the Peacebuilding Fund (PBF) in order to support peacebuilding and reconciliation. The Government of Mali submitted an eligibility request to the Peacebuilding Support Office (PBSO) on 24th of February 2014 which was approved by Secretary-General of the United Nations on 2nd of April 2014.

In this context, the intervention of the PBF programme in Mali represents in its first phase 10.9 million USD, of which 10.6 have been attributed to 5 projects undertaken by UN agencies and MINUSMA. A Steering Committee oversees the whole programme and gathers the Malian Government, the civil society, international donors and the United Nations. The remaining 0.3 million USD goes to the Steering Committee Support Office.
