

Role of the S&R Section

In support to the Deputy Special Representative of the Secretary-General (DSRSG), Resident Coordinator (RC) and Humanitarian Coordinator (HC) in her responsibilities to lead the United Nations' contribution to Mali's reconstruction efforts, the Stabilization & Recovery section (S&R) promotes synergies between MINUSMA, the UN Country Team and other international partners.

Through this monthly bulletin, we provide regular updates on stabilization & recovery developments and activities in the north of Mali. The intended audience is the section's main partners including MINUSMA military and civilian components, UNCT and international partners.

Donor Coordination and Partnerships

1. On 1st of February, **S&R met with officials of the Ministry of Decentralization and State Reform to establish partnership relations.**

By interacting with this department and its technical services, the section S&R could:

- strengthen dialogue on public policies required for a more efficient and transparent governance, an ambitious but realistic decentralization, balanced growth, development cooperation accompanying Mali in the implementation of reforms in strategic sectors and achievement of its priorities;
- reaffirm the commitment of the international partners of Mali, both public and private, bilateral, regional and multilateral around the strategic priorities of Mali, including the immediate commitments of the Government for a concrete and timely implementation of the Peace Agreement in the interim period (2015-2017);
- reiterate the commitment of MINUSMA for technical support to this Ministry in initiating the Regional Development Agencies.

2. On 4th of February, **was held a political meeting of the CRZPC (*Commission Réhabilitation des Zones Post-Conflict*) at the MAHSRN with a select committee made of France, MINUSMA (DSRSG/RC/HC and S&R) and a large representation of donors.** MAHSRN presented to the attending partners an update on the implementation of regional emergency plans of Mopti, Gao, Timbuktu and Kidal, which have been executed up to a global 49% (the lowest is 44% for Gao, highest is 55% in Timbuktu) from July to December 2015. 2016 will be marked by the continuation of these actions, in the interim recovery plan provided by the Peace Agreement. MINUSMA presented the overall QIPs implementation and perspectives for 2016.

3. On 11th of February, **took place a technical CRZPC meeting in an enlarged format including donors and international NGOs.** Participants noted that the information provided by the MAHSRN regarding execution of emergency plans from July to December 2015 and the 2015-2016 interim recovery plan would need to be refined with donors' inputs. All parties in attendance commended the CRZPC enlarged format as a way to identify and resolve bottlenecks and an opportunity to make the link between action on the ground and the implementation of the Peace Agreement. Priorities lie in a comprehensive mapping of the interventions of international development and humanitarian partners, particularly on the most pressing areas: health, education, energy, access to drinking water, the DDR process, programming documents (MIEC and specific development development strategies), refugee return,...

This Conference had the objectives of examining the results of the RDAs' interventions, ensuring coherence and harmonization of their operations, approving annual budget allocations of state subsidies to each Agency and validating 2016 work plans for each one.

MINUSMA via S&R will support this initiative to align it to the Mission's stabilization strategy through the Regional Stabilization & Recovery Plans, encompassing projects and programmes implemented in the North by the Government and the international community. MINUSMA-S&R will organize 3 capacity-building workshops in the benefit of the 3 RDAs of Mopti, Gao and Timbuktu, funded under the Trust Fund in Support of Peace and Security in Mali.

To deal with the political, institutional and security crisis that deeply destabilized Mali since 2012, the Malian Government and the United Nations System in Mali resorted to the Peacebuilding Fund (PBF) in order to support peacebuilding and reconciliation. The Government of Mali submitted an eligibility request to the Peacebuilding Support Office (PBSO) on 24th of February 2014 which was approved by Secretary-General of the United Nations on 2nd of April 2014.

In this context, the intervention of the PBF programme in Mali represents in its first phase 10.9 million USD, of which 10.6 have been attributed to 5 projects undertaken by UN agencies and MINUSMA. A Steering Committee oversees the whole programme and gathers the Malian Government, the civil society, international donors and the United Nations. The remaining 0.3 million USD goes to the Steering Committee Support Office.
