Role of the S&R Section

In support to the Deputy Special Representative of the Secretary-General (DSRSG), Resident Coordinator (RC) and Humanitarian Coordinator (HC) in her responsibilities to lead the United Nations’ contribution to Mali’s reconstruction efforts, the Stabilization & Recovery section (S&R) promotes synergies between MINUSMA, the UN Country Team and other international partners.

Donor Coordination and Partnerships

On 8th of April, donors and some international NGOs met for the monthly enlarged session of the Commission Réhabilitation des Zones Post-Conflicts (CRZPC). OCHA presented the mapping of development projects in post-conflict areas, elaborated through data gathering made after 11th of February CRZPC meeting. Participants agreed to refine the matrix which this mapping is based on with more contributions from donors, and to add up elements related to the impact of projects. The Health Cluster presented issues in the health sector in the northern regions, with 4 main axis of intervention: (1) improvement of health access, (2) improvement of the monitoring, preparation and response to epidemics, (3) support to medicine provision and (4) strengthening of the health information system. Partners in presence recommended that the difficulties inventoried be relayed to other foras of discussion between international actors and the national counterpart. Lastly, MINUSMA gave an update on the progress made in the DDR process and its roadblocks. Donors requested an assessment of the funding of the whole DDR process and funding needs from United Nations and the World Bank.

Mopti

Sévaré detention center hosts an average of 180 detainees, more than 50% of the total inmate population in the region. This prison presents nowadays favorable opportunities for gardening production to men, women and children who occupy it, as the region is known for its extensive breeding and agriculture. In order to better understand this support from MINUSMA through a QIP, the Direction régionale de l’administration pénitentiaire de Mopti opened the doors of this custodial institution to the Mission’s Video Unit.

On 15th of April, S&R section met with the Inspector of the Ministère de la Solidarité, de l’Action Humanitaire et de la Reconstruction du Nord, in charge of assisting Gao Regional Direction in the return of displaced persons, a topic on which discussions focused on. Mentioned sites of Wodu-Cherif 7km from Gao and Taguilout in Anderamboucane (Ménaka) present important humanitarian needs, such as rehabilitations of school, community health centers and water drillings. MINUSMA funding mechanisms were introduced to the Inspector and another enlarged meeting is planned after consultation of humanitarian actors.

On 7th of April, in Gao, MINUSMA Force Commander, Major General Michael Lollesgaard chaired a donation ceremony to the Mécanisme Opérationnel de Coordination (MOC), which is one of the entity in charge of the coordination of mixed patrols between the FAMa, CMA and Plateforme as agreed upon in the Peace Agreement. The MOC plays a key role in the securisation of the cantonment sites - which are currently under construction - and of surrounding communities. Electronic equipment and office equipment were handed over to operationalize the MOC’s headquarters in Gao. The lack of equipment was a key barrier to the proper functioning of the MOC’s activities. This donation is made possible thanks to 43,000 USD funding from Luxembourg’s contribution to the Trust Fund in Support for Peace and Security in Mali. Government of Mali also made a vital donation of vehicles to the MOC on the next day in Bamako.

On 18th of April, the handover ceremony of the QIP for the provision of equipment to the Timbuktu Préfecture (25,000 USD budget) took place under the chairmanship of the Préfet, in the presence of MINUSMA Head of Regional Office ad interim and Civil Affairs Division, sponsor of this project.  

On 23rd and 24th of April, were held the launch ceremonies of the projects for “the construction of a local products transformation and conservation unit for the Wafakoye network of women in Niafunké” and “the rehabilitation and equipment for the Centre Multifonctionnel des Femmes de Goundam” under the chairmanship of the Préfets of Goundam and Niafunké. Mayors, technical services and notabilities of both localities, as well as beneficiary women associations and several MINUSMA sections were in attendance. Those 2 QIP projects of a global cost of nearly 86,000 USD and sponsored by the Civil Affairs Division aim at promoting regional products, contributing to food security and creating revenue opportunities for beneficiary women.

In one hand, the Wafakoye network of women in Niafunké gathers 88 women associations (2,200 members) coming from all ethnic groups, covers the whole Cercle of Niafunké and self-manages its resources. These women have a 20 years’ experience in the agri-food products transformation but lack of the necessary equipment to achieve good yield in their activity. Concerning Goundam, the Centre Multifonctionnel des Femmes had been vandalized, looted and occupied by armed groups in 2012. All the 127 women who were working there in various sectors such as agri-food transformation, tanning and sewing found themselves unemployed since then.

End of April, S&R was informed that the Mission has received the following contributions to the Trust Fund, coming from former AFISMA funds: 2,584,061 USD from Denmark and 498,087 USD from Turkey. This brings the total of contributions to 24,438,625 USD.

Peacebuilding Fund (PBF)

1. On 11th of April, in the context of the joint project “Solutions for a sustainable and peaceful reintegration of internally displaced people (IDPs) and repatriated refugees in Gao and Timbuktu regions” implemented by IOM and UNHCR, a ceremony was organized to hand over funds for income generating activities. The event involved 104 refugees among which 78 women targeted in Gao commune and 53 recipients in Bara commune (Gao region). An amount of 350,000 FCFA per household aims at strengthening social cohesion and peacebuilding activities in recovering communities.

2. On 15th of April in Timbuktu and on 20th of April in Gao, S&R facilitated the meetings between the AE2C consultancy team, in charge of monitoring and evaluation of the Peacebuilding Fund projects (PBF), the Disarmament-Demobilization-Reintegration (DDR) section and UNOPS staff which execute the PBF project in support of the cantonment process. Discussions allowed to take stock on the progress made in the construction of the cantonment sites in Likkrakar (Timbuktu Region), Fafa and Innegar (Gao Region) and assess the involvement of local communities.

3. On 19th of April, was held in Bamako a training on gender and gender mainstreaming initiated through the PBF project implemented by UNWOMEN, UNFPA and the Mission. Were represented the Joint Steering Committee (JSC - through the Ministry of Foreign Affairs), coordinators of the other 4 PBF projects (see list on page 9), the implementing UN agencies and MINUSMA S&R, UNPOL, Gender, Women’s Protection and DDR components. It was an opportunity to share experience and good practices, review projects through the gender perspective and advocate for its integration through all the projects’ cycle. The overall objective was to respond to one of the JSC’s recommendations to enhance synergies among PBF projects.

1. Bugle calls to welcome, on 14th of April, Mrs. Mbaranga Gasarabwe, Deputy Special Representative of the Secretary-general of United Nations in Mali, invited by the Malian Army’s Etat-Major général to take part to the handover ceremony for the rehabilitation and renovation of parts of the Centre d’Instruction militaire Boubacar Sada Sy in Koulikoro (CIBSSK). Two quick impact projects made possible the revamping of a 500-seats amphitheater and classrooms in the Ecole Militaire Interarmées for a budget over 68,000 USD. 2. Which avenues of collaboration can be explored between youths and MINUSMA? How to propose a project to be funded through QIPs? What are the possible ways to deal with a case of misconduct from a Mission staff? Numerous were the questions that had in mind the 200 and more young people representing more than 40 associations and youth groups, who came on 23rd of April to learn more about MINUSMA. To answer those questions, a multidisciplinary panel consisted of UNPOL, the Force, the Gender Unit, the Conduct and Discipline Team, the Stabilization and Recovery Section and the Outreach Unit of the Public Information Office. Taking place in the National Library in Bamako, the “MINUSMA in front of youths” awareness-raising day was initiated by the Federal Office of OPAJ_PIA, the Organisation Panafricaine des Jeunes pour la Promotion de l’Intégration Africaine. The Mission would like to thank them for giving youths the opportunity to seek information from where it comes from.

The UN Trust Fund in support of Peace and Security in Mali was created at the request of the Security Council (SC resolution 2085 (2012)). Member States can contribute earmarked and/or non-earmarked funds to the Fund, which aims to provide vital support to the Malian Defence and Security Forces (MDSF), assist the Malian Government in its efforts to ensure lasting peace and the return of State Authority and constitutional order, and support critical development and humanitarian interventions contributing to the immediate and long-term efforts by the international community to resolve the crisis in Mali.

It is supported by voluntary contributions from the following donors: Australia, Canada, Denmark, Germany, Ireland, Luxembourg, the Netherlands, Norway, Switzerland, Turkey, the United Kingdom and UN DOCO. The Fund’s budget currently totals approximately 24.4 million USD, of which some 61.3 per cent has been attributed to projects.

To deal with the political, institutional and security crisis that deeply destabilized Mali since 2012, the Malian Government and the United Nations System in Mali resorted to the Peacebuilding Fund (PBF) in order to support peacebuilding and reconciliation. The Government of Mali submitted an eligibility request to the Peacebuilding Support Office (PBSO) on 24th of February 2014 which was approved by Secretary-General of the United Nations on 2nd of April 2014. In this context, the intervention of the PBF programme in Mali represents in its first phase 10.9 million USD, of which 10.6 have been attributed to 5 projects undertaken by UN agencies and MINUSMA. A Steering Committee oversees the whole programme and gathers the Malian Government, the civil society, international donors and the United Nations. The remaining 0.3 million USD goes to the Steering Committee Support Office.

1. Education project for peacebuilding in the north of Mali
   **UNICEF**
   The agency and its partners implement a speed school strategy for not attending and out-of-school children. Fora for inclusive community dialogue are also set up for social cohesion at school, within the family and community.

2. Support to capacity-building in conflict resilience for women and youth in Gao and Timbuktu regions
   **UNDP, UNIDO**
   This joint project accompanies national reconciliation and dialog promotion creating economic opportunities in favor of vulnerable women and at-risk youths.

3. Confidence-building through support to the Cantonment process
   **UNOPS**
   Operations strengthen mutual trust between peace agreement signatories and favor security climate appeasement. Rooting of the disarmament process in the country goes through fighters’ cantonment, among other steps. UNOPS is in charge of the construction and management of camps intended for this purpose.

4. Solutions for a sustainable and peaceful reintegration of internally displaced people (IDPs) and repatriated refugees in Gao and Timbuktu regions
   **IOM, UNHCR**
   This project consists in providing IDPs and repatriated refugees access to basic social services and reinforcing peaceful cohabitation between local communities in a climate of increased trust in the peace process.

5. Programme for a better access to justice and security for women victims of SGBV in the peacebuilding process in Mali
   **UN Women, UNFPA, MINUSMA**
   Both agencies and the Mission assist SGBV victims facilitating access to justice and holistic care. The project also supports capacity-building of care services and judicial system in terms of SGBV.
