It is supported by voluntary contributions from the following donors: Australia, Canada, Denmark, Germany, Ireland, Luxembourg, the Netherlands, Norway, Switzerland, Turkey, the United Kingdom and UN DOCO. Newly approved projects

1. 95 solar power street lights for Kidal: The project envisages the installation of 95 solar panel street lights in several streets and key locations in Kidal town. It also foresees the creation of local employment opportunities during the course of project implementation, community outreach activities and the provision of training of a local management committee for the maintenance of the street lights. The project is funded through the contribution of Denmark. Budget: 116,710,650 CFA - approx. 195,345 USD. Implemented by NGO ASSADDEC.

2. Rehabilitation of the Gao water drainage system: The project envisages the rehabilitation of the Gao drainage system which is broken in many places. Because the water is not properly evacuated, Gao often suffers from flooding during the rainy season, leading to loss of property and life. The lack of proper evacuation of water also leads to a situation under which water-borne diseases are able to thrive. The project is funded through the contribution of Denmark. Budget: 159,239,588 CFA - approx. 265,294 USD. Implemented by partner NGO AADIS-Mali.

To deal with the political, institutional and security crisis that deeply destabilized Mali since 2012, the Malian Government and the United Nations System in Mali resorted to the Peacebuilding Fund (PBF) in order to support peacebuilding and reconciliation. The Government of Mali submitted an eligibility request to the Peacebuilding Support Office (PBSO) on 24th of February 2014 which was approved by Secretary-General of the United Nations on 2nd of April 2014.

In this context, the intervention of the PBF programme in Mali represents in its first phase 10.9 million USD, of which 10.6 have been attributed to 5 projects undertaken by UN agencies and MINUSMA. A Steering Committee oversees the whole programme and gathers the Malian Government, the civil society, international donors and the United Nations. The remaining 0.3 million USD goes to the Steering Committee Support Office.
