

- Donors meet within the CRZPC and the GEC
- Timbuktu: new closing wall for Diré *Gendarmerie*
- Mopti: integrated UN mission
- Trust Fund (TF): Germany further contributes with 6.5 million euros
- Kidal: farm inputs available for growers of the region
- More projects launched in northern regions

## Role of the S&R Section

To support the Deputy Special Representative of the Secretary-General (DSRSG), Resident Coordinator (RC) and Humanitarian Coordinator (HC) in her responsibilities to lead the United Nations' contribution to Mali's reconstruction efforts, the Stabilization & Recovery section (S&R) promotes synergies between MINUSMA, the UN Country Team and other international partners.

Through this monthly bulletin, we provide regular updates on stabilization & recovery developments and activities in the north of Mali. The targeted audience is the section's main partners including MINUSMA military and civilian components, UNCT and international partners.

**Gabriel Gelin**, Information Specialist (S&R section) - [gelin@un.org](mailto:gelin@un.org)

## Donor Coordination and Partnerships

1. On 8 December, the **Commission** *Réhabilitation des Zones Post-Conflict (CRZPC)* gathered international donors and NGOs to discuss progress in the work of the Development Sub-group of the *Comité de Suivi de l'Accord*. The meeting also covered the specific development strategy for regions in the North and *Synergie Nord*, online platform (under development) which will aim at enhancing the effectiveness of development and humanitarian interventions in the North. The Development Sub-group discussed the signature of *contrats-plans* between the national and regional level for Timbuktu, Mopti and Kidal. Gao *contrat-plan* will be soon finalized, as well for the new regions of Taoudénit and Ménaka the *contrats-plans* will be

drafted later on, once interim authorities are in place. Commission members organized a technical meeting on 15 December, focused on the implementation status of the *Plan d'urgence et de relèvement* as of October 2016. Contributing partners and State technical services updated data contained in the Plan regarding their interventions, data that will be validated by the Government and partners at the beginning of 2017. It is worth noting that health accounts for 46% of the total budget, nearly half of needs for the 5 sectors of the Plan (with education, assistance to displaced people, food security, energy, water & sanitation).

2. The **Groupe Exécutif de Coopération (GEC)** of international donors held its monthly meeting on 14 December. Mrs. Mbaranga GASARABWE, Deputy Special Representative of the Secretary-General (DSRSG), shared the conclusions of the roundtable on DDR and discussed the slow pace of the cantonment process despite available and operational sites. The process foresees the reinsertion of ex-fighters in civil life and the reintegration or inclusion in the different state military and paramilitary entities.

The reinsertion program requires financial support for 25 million USD, which will be provided by different donors.

Among other topics, partners referred to the last meeting between the Prime Minister and extended Troika, where the following subjects were discussed: (i) security deterioration in the center of the country, (ii) governance issues and (iii) the *Conférence d'Entente Nationale* requiring financial support from the international community.

## Gao – Ménaka

1. **MINUSMA handed over solar power kits to 3,000 families in the regions of Gao and Ménaka.** This project aims at providing lightning for populations in both regions. It will be further implemented in 24 *communes* of the *Cercles* of Gao, Bourem, Ménaka and Ansongo, and will benefit in priority to families with school-attending

children to allow them to study in the evening. This project is also hoped to help reinforce social cohesion and security.

From 29 November to 9 December, teams travelled through both regions to handover these solar power kits.

For more information (in French):

<http://bit.ly/2iPJ5iz>

## Main Figures

**Quick Impact Projects (QIPs): 146 projects completed and 76 under implementation over a budget of 11.8 million USD** (222 projects in total since 2013)

**Peacebuilding Fund (PBF): 5 projects** started in 2015 over 18 months for a **total budget of 10,932,168 USD**

**Trust Fund (TF): 20 projects** completed/nearing finalization and **61 projects** under implementation out of **81 projects** approved for a **cost of 29,830,367 USD over a budget of 27,017,358 USD** (contributions from Australia, Canada, Denmark, Germany, Ireland, Luxembourg, the Netherlands, Norway, Switzerland, Turkey, the United Kingdom and UN DOCO)

## Culture

1. On 16 December, MINUSMA Culture Unit participated in the **launching of the "Red list of West African cultural objects at risk Emergency Mali"** held by the International Council of Museums (ICOM) in the National Museum of Bamako. The 4 types of objects on this list are at risk of being traded in the illicit art and antiquities market. This practical tool can be uploaded here: <http://bit.ly/2jDslI2>

The illicit traffic of cultural goods has increased since the crisis of 2012 in Mali, especially with the looting on archeological sites. As per paragraph 20c of SCR 2295, MINUSMA supports the Malian authorities to protect the cultural sites from looting.

## Timbuktu - Taoudénit

**1.** On 16 December, United Nations Police (UNPOL) inaugurated the construction project of a **fencing wall for the Brigade Territoriale de la Gendarmerie de Diré**, in Timbuktu region. This Quick Impact Project (QIP) will improve staff security and working conditions for a budget of 18,900.05 USD.

The premise of the *Brigade Territoriale de la Gendarmerie de Diré* is an old mud bricks structure built in 1946. Already in dire condition, it has been additionally vandalized during the occupation of the northern regions in 2012.

For more information (in French):

<http://bit.ly/2iPB0zC> ▼

**2.** Last 29 November, **MINUSMA, UNDP and their partners Denmark, Norway and the Netherlands launched 5 peace dividends projects** in Timbuktu. Funded by the Trust Fund in Support of Peace and Security in Mali and UNDP, these initiatives supported the return of state authority contributing to reduce terrorist violence in the region. A video of this visit has now been made available.

**Watch the documentary here (in French):**

<https://youtu.be/VMalMZie-Vs> ▼

## Mopti

**1.** From 14 to 15 December, **an important UN delegation** composed of UNDP, OCHA, MINUSMA and the Office of the Deputy Special Representative of the Secretary-General (DSRSG), Resident Coordinator (RC) and Humanitarian Coordinator (HC) went to Mopti in order to meet stakeholders operating in Bankass and Koro Cercles. Held in MINUSMA regional HQ, the working session gathered 40 representatives of regional authorities and their technical services, national and international NGOs, UN agencies and MINUSMA substantive sections. The aim was to identify possible integrated interventions in the areas to help the Return of State Authority, the Provision of Social Services, the Economic Recovery and Social Cohesion. Similar future field missions will further confirm the relevance of such integrated interventions.

**2.** On 23 December, in the premise of Kaoural radio of Mopti, took place an inauguration ceremony of the QIP project aiming at improving working conditions, empowering and **reinforcing operational capacities of 9 community radios of Mopti urban commune.**

Funded by MINUSMA through the Public Information Office (PIO), this QIP project providing technical equipment will take 1 month to be implemented and will support the delivery and installation of the equipment for a total cost of 46,304.10 USD.

## Trust Fund in support for Peace and Security in Mali

**1.** **The Federal Republic of Germany officially reaffirmed its commitment to the Trust Fund in Support of Peace and Security in Mali through the provision of an additional 6.5 million euros contribution**, signed during a ceremony held on 14 December in MINUSMA HQ. These funds will support security projects.

3.5 million euros will help MINUSMA to face harsh security conditions in the North as well as to enhance its protection capacity toward securing communities, humanitarian personnel as well as project sites. This assistance will also foster the redeployment of the Malian Defence and Security Forces in this part of the country.

The other 3 million euros are earmarked to support the implementation of security arrangements foreseen by the Peace Agreement, such as the operationalization of an additional cantonment site and of 2 other sites for the *Mécanisme Opérationnel de Coordination (MOC)* in Kidal, as well as in other northern regions.

This financial contribution to the Trust Fund adds up to another contribution received from Germany in 2016, amounting 2 million euros, allocated to the cantonment process.

<http://bit.ly/2iSvnfb> ▼

## Kidal

**1.** The project to support the gardening organizations of the Kidal Cercle, launched on 26 August, became a concrete reality on 2 December, when **inputs and phytosanitary products were delivered to local gardeners.** The ceremony took place with the players in the sector who will now be able to easily access to such products for the development of their activities in a new specialized store managed by a local committee set up for this particular purpose. In a region where the supply of market gardening products and other foodstuffs is very difficult, it is more than a relief implemented by MINUSMA, through the targeting of a number of organizations working in the area comprising the communes of Kidal, Essouk and Anefis. In addition to the distribution of improved seeds and tillage equipment to beneficiaries, the project

includes the rehabilitation of market gardens and in particular of agricultural wells, in favor of some 20 vegetable associations. The funds making this project possible (258,110 USD) come from Denmark's contribution to the Trust Fund. For more information (in French): <http://bit.ly/2i2pw4H> ▼

**2.** On 13 December, a **school rehabilitated and equipped in Anefis** has been officially handed over to the authorities, thanks to a Trust Fund project for the rehabilitation and equipment of 3 schools in total in Kidal and Anefis, amounting to 203,876 USD, as well funded through the contribution of Denmark.

**3.** On 16 December, the official launch of a solar public lighting project took place in Kidal. In total, **95 solar power street lights will be installed in the various streets of the town** during the next 5 months.

Kidal, one of the main urban centers in North Mali located in a desert area and deprived of energy sources, always faced challenges regarding electricity supply. The situation got worse during the recent crisis years. The project is funded through the Danish contribution to the Trust Fund for 195,345 USD. For more information (in French): <http://bit.ly/2iokSiv> ▼

**4.** Launched on 26 September 2016, the **Intikoi dam rehabilitation project** in the North-West edge of Kidal entered in its final phase on 2 December with the official handover of the infrastructure by the UN Mission. This project mainly consists in drastically reducing issues related to drinking water supply in town. The Intikoi oued, an important natural water reserve, is vital for Kidal. Life of local residents is organized around this seasonal waterway. The Intikoi riverbed suffered environmental damages, partly due to human action as well as to climatic factors.

Sponsored by MINUSMA SSR/DDR Division and funded for 122,000 USD through the contribution of the Netherlands to the Trust Fund, this project adds on to previous activities aimed at improving Kidal's water access already supported by MINUSMA through its Community Violence Reduction (CVR) program of the DDR process. Implemented by ARDL partner NGO, this important infrastructure will benefit to nearly 26,000 persons including 12,000 women. For more information (in French): <http://bit.ly/2ionUDn> ▲

# Quick Impact Projects (QIPs) - Overview

For more information - QIPS Unit: [minusma-qips@un.org](mailto:minusma-qips@un.org)  
 ✓ Completed ✚ Added this month

Financed by MINUSMA, Quick Impact Projects (QIPs) are community micro projects. These projects have a maximum cost of 50,000 USD and a maximum 6-months duration, in the areas of services and small public infrastructures rehabilitation, training and awareness-raising activities, employment and revenue creation. They must have both a quick and long lasting

effect meeting priority needs of the population and aim at building confidence towards the peace process, the Mission and its mandate. From 2013 to 2016, 216 projects were implemented (years 1, 2 & 3). Between 1<sup>st</sup> of July 2015 until 30<sup>th</sup> of June 2016 (year 4), a 4 million USD budget will be dedicated to approximately 112 QIPs.

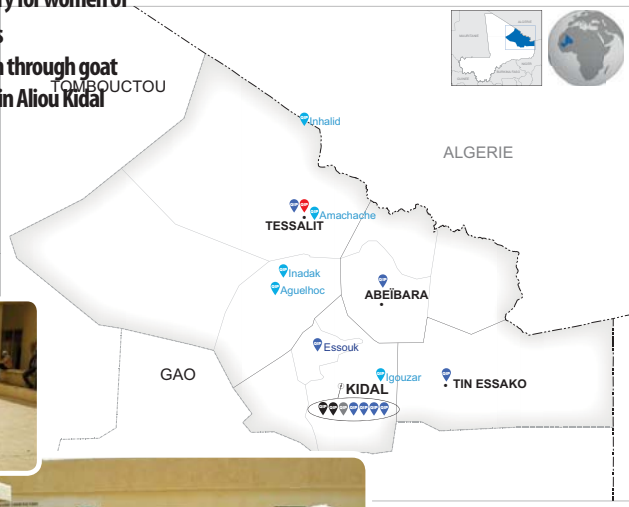

These projects will benefit mainly northern regions and will support requests from the Malian Government, international and national NGOs, international agencies and civil society. All projects are executed through local partners and businesses.

## Kidal

- Construction of the *Maison des associations* in Kidal / of its adjunct premises and fence (2)
- Equipment of the *Maison des Femmes de Kidal*
- Electrification of Essouk Commune ✓
- Solar power lighting in the Cercles of Tin-Essako (300 households) / of Tessalit (300 households) / of Abeibara (300 households) (3)
- Rehabilitation and equipment of Kidal's Municipal Stadium ✓
- Construction of a borehole in Inadak
- Water well drilling in Aguelhoc Rural Commune
- Water tank in Igouzar to ensure drinking water self-sufficiency
- Provision of a generator for water well drilling in Inhalid ✓
- Construction of a well in Amachache ✓

- Provision of medical equipment to the *Centre de Santé de Référence de Tessalit* ✓
- Socio-economic recovery for women of Tessalit and Kidal Cercles
- Economic reintegration through goat livestock reconstitution in Aliou Kidal neighbourhood ✓

- Intercommunity meeting between the *chefs de fractions* for peace and social cohesion in Kidal ✓

Launch of the rehabilitation of the *Maison des Femmes de Kidal* in May 2016

- P** - Equipment of the *Office Central des Stupéfiants (OCS)* ✓ / Provision of narcotics detection kits to the *OCS* ✓ (2)
- Equipment of the conference room of the *Direction of Human Resources of the Ministère de la Défense et des Vétérans (DRH-MDAC)* ✓
- Revamping of premises of the *Brigade d'Investigations Spécialisées (Pôle Anti-terrorisme)*

The UN Trust Fund in support of Peace and Security in Mali was created at the request of the Security Council (SC resolution 2085 (2012)). Member States can contribute earmarked and/or non-earmarked funds to the Fund, which aims to provide vital support to the Malian Defence and Security Forces (MDSF), assist the Malian Government in its efforts to ensure lasting peace and the return of State Authority and constitutional order, and support critical development and humanitarian interventions contributing to the immediate and long-term efforts by the international community to resolve the crisis in Mali.

It is supported by voluntary contributions from the following donors: Australia, Canada, Denmark, Germany, Ireland, Luxembourg, the Netherlands, Norway, Switzerland, Turkey, the United Kingdom and UN DOCO. The Fund's budget currently amounts to approximately 29.8 million USD, of which some 74.4 per cent has been attributed to projects.

**E Immediate and long-term efforts to resolve the crisis in Mali**

**A Restoration of Constitutional Order, National Unity and Support for Elections**

On 30<sup>th</sup> of December 2016

**Sectors**

- ☑ Peace Talks
- ☑ Elections
- ☑ Outreach
- ☑ Gender
- ☑ DDR / Cantonment
- ☑ Rule of Law and Justice
- ☑ Return of State Authority
- ☑ Border Control
- ☑ Prisoner rehabilitation and reintegration
- ☑ Arms Control
- ☑ Security
- ☑ Health
- ☑ Electricity
- ☑ International Accountability
- ☑ Water & Sanitation
- ☑ Social Cohesion
- ☑ Education
- ☑ Economic Recovery

**D Equipment and Logistical Support to Malian Defence and Security Forces (MDSF)**

**C Capacity building of Malian Security Forces (MSF)**

**B Return of State Authority, Rule of Law and DDR-SSR**

**Newly approved projects**

**1. Rehabilitation of Timbuktu Airport Road:** The project envisages the rehabilitation of the 4 km road between Timbuktu and the airport as well as the installation of solar power street lights along the road. The project was designed with the support of the Regional Direction of Roads upon request of the Governorate. It is expected to have a strong impact in terms of security of people and properties and creation of local employment. Budget: approx. 2,559,345 USD. Funded through the contribution of Denmark.

**2. Support for an urgent epidemiological assessment mission in Ménaka to avoid the spread of Rift Valley fever to Mali:** Following the outbreak of Rift Valley fever currently affecting north-western regions of Niger including those bordering with Mali, FAO designed a project to conduct an urgent epidemiological assessment mission in Ménaka. MINUSMA's support consists in securing the mission and covering the costs of helicopter flights to these difficulty accessible areas in order to enable FAO, WHO and their Malian counterparts to undertake their joint assessment mission. Budget: 124,424 USD. Funded through the contribution of Turkey.

**Complete list of projects**

**A Restoration of Constitutional Order, National Unity and Support for Elections**

Mediation Program for Inclusive Peace Talks (Clearing House) - Phase I ✓ et II ▶ - Countrywide (3 projects)

Support to the *Commission Technique Mixte de Sécurité (CTMS)* and the *Equipe Mixte d'Observation et de Vérification (EMOV)* ✓  
- Kidal, Gao, Tombouctou

Construction of electoral storage facilities and capacity-building - Gao, Douentza, Kidal ▶ / Bourem, Timbuktu, Goundam, Niafunké ▶

Provision of printed publications in support of the electoral process ✓ - Gao, Timbuktu, Mopti, Kidal

National outreach campaign on the peace agreement for the Christian community ✓ - Countrywide

Construction of electoral storage facilities and capacity-building ▶ - Bandiagara, Bankass, Djenné, Koro

Capacity building in view of increased women political participation in the elections ▶ - Countrywide

Support for drinking water in Teherdje ▶ - *Timbuktu* implemented by Stop Sahel

Support for a Rift Valley fever assessment mission to Ménaka ✔ implemented by FAO

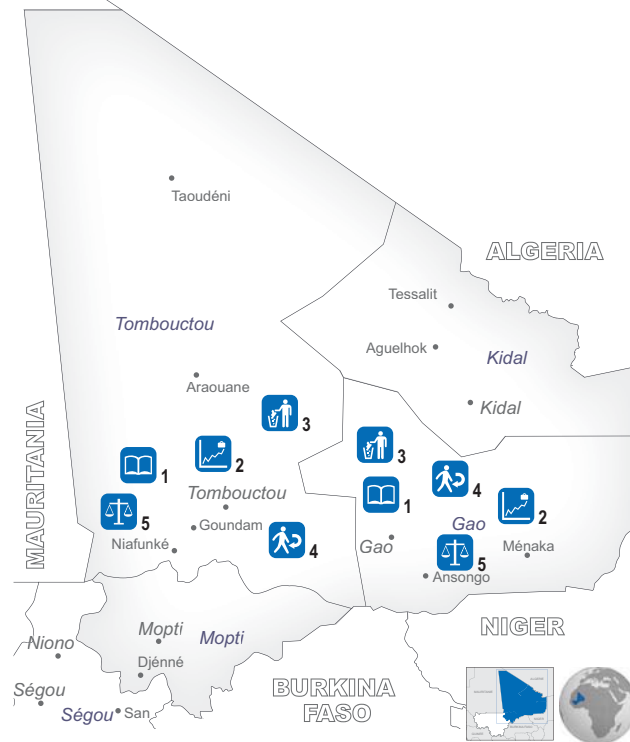

Rehabilitation of Timbuktu Airport Road ☑

To deal with the political, institutional and security crisis that deeply destabilized Mali since 2012, the Malian Government and the United Nations System in Mali resorted to the Peacebuilding Fund (PBF) in order to support peacebuilding and reconciliation. The Government of Mali submitted an eligibility request to the Peacebuilding Support Office (PBSO) on 24<sup>th</sup> of February 2014 which was approved by Secretary-General of the United Nations on 2<sup>nd</sup> of April 2014.

In this context, the intervention of the PBF programme in Mali represents in its first phase 10.9 million USD, of which 10.6 have been attributed to 5 projects undertaken by UN agencies and MINUSMA. A Steering Committee oversees the whole programme and gathers the Malian Government, the civil society, international donors and the United Nations. The remaining 0.3 million USD goes to the Steering Committee Support Office.

As of 3<sup>rd</sup> of February 2016

**1 Education project for peacebuilding in the north of Mali**  
*UNICEF*

The agency and its partners implement a speed school strategy for not attending and out-of-school children. Fora for inclusive community dialogue are also set up for social cohesion at school, within the family and community.

**2 Support to capacity-building in conflict resilience for women and youth in Gao and Timbuktu regions**  
*UNDP, UNIDO*

This joint project accompanies national reconciliation and dialog promotion creating economic opportunities in favor of vulnerable women and at-risk youths.

**3 Confidence-building through support to the Cantonment process**  
*UNOPS*

Operations strengthen mutual trust between peace agreement signatories and favor security climate appeasement. Rooting of the disarmament process in the country goes through fighters' cantonment, among other steps. UNOPS is in charge of the construction and management of camps intended for this purpose.

**4 Solutions for a sustainable and peaceful reintegration of internally displaced people (IDPs) and repatriated refugees in Gao and Timbuktu regions**  
*IOM, UNHCR*

This project consists in providing IDPs and repatriated refugees access to basic social services and reinforcing peaceful cohabitation between local communities in a climate of increased trust in the peace process.

**5 Programme for a better access to justice and security for women victims of SGBV in the peacebuilding process in Mali**  
*UN Women, UNFPA, MINUSMA*

Both agencies and the Mission assist SGBV victims facilitating access to justice and holistic care. The project also supports capacity-building of care services and judicial system in terms of SGBV.
