Donor Coordination and Partnerships

1. On 19 January, a **technical-level meeting** of the **Commission Réhabilitation des Zones Post-Conflict (CRZPC)** gathered the Ministry of Solidarity and Humanitarian Action (MSAH), the North Mali Development Agency, France and MINUSMA to discuss the upcoming presentation session of the implementation update on the *Plan d'Urgence pour la mise en œuvre de l'Accord de Paix et la Réconciliation au Mali pendant la période intérimaire*. This session will take place during the next political-level CRZPC meeting planned early February under the chairmanship of the MSAH.

2. The **monthly meeting of the Groupe Exécutif de Coordination (GEC)** of the donors took place on 25 January. This was the occasion to review the GEC workplan for 2016 and to define its new orientations for 2017, as well as to discuss the preparation of the donors' retreat planned for March 2nd. The retreat aims at fine tuning the key messages of the political dialogue used in the interaction between the Prime Minister and the donors' *Troika élargie*, and at sharing views on the modalities of intervention to support the peace agreement within the current situation. Significant inputs are expected from the *Commission Réhabilitation des Zones Post-Conflict (CRZPC)*, as well as donors' Thematic Groups, notably on modalities of interventions in most sensitive and conflict prone areas of the North.

4. The 15th Session of the **Sub-Committee on Economic, Social and Cultural Development of the Comité de Suivi de l'Accord (CSA)** was held on 27 January to discuss the progress in the implementation of the Peace Agreement. CMA representatives did not participate. The Government briefed on the necessity to increase the current level of implementation of the activities of the *Plan d'Urgence et de Relèvement* (implementation rate 39%). The Sub-Committee recommended the full association of the CMA and Plateforme representatives to the field assessment mission that will be carried out by the technical services of the Ministries.

On the endorsement of the *Stratégie Spécifique de Développement des Régions du Nord*, the Sub-

Committee was informed that the World Bank and UNDP refined the modalities of funding for the validation workshops, and that the issue was transmitted from the *Haut-Représentant* to the Primature. The Sub-Committee noted the progress and requested follow-up with a focal point at the Primature. On the *Fonds de Développement Durable*, the Sub-Committee noted that Plateforme provided comments on the text submitted by the Government, and that CMA comments are expected to meet the deadline of end of March 2017.

The Sub-Committee was also briefed on the operationalization of the Regional Development Agencies (that are all deployed and operational) and on the "*Contrats-Plans Etat-Régions*" (adopted for Timbuktu, Kidal and Mopti, to be signed in

To deal with the political, institutional and security crisis that deeply destabilized Mali since 2012, the Malian Government and the United Nations System in Mali resorted to the Peacebuilding Fund (PBF) in order to support peacebuilding and reconciliation. The Government of Mali submitted an eligibility request to the Peacebuilding Support Office (PBSO) on 24th of February 2014 which was approved by Secretary-General of the United Nations on 2nd of April 2014.

In this context, the intervention of the PBF programme in Mali represents in its first phase 10.9 million USD, of which 10.6 have been attributed to 5 projects undertaken by UN agencies and MINUSMA. A Steering Committee oversees the whole programme and gathers the Malian Government, the civil society, international donors and the United Nations. The remaining 0.3 million USD goes to the Steering Committee Support Office.

As of 3rd of February 2016
