<sup>12</sup> This section intends to compare the official and actual attendance of the Members of the National Parliament. According to the article 11 of the Rules of Procedure of the National Parliament: “The duties of a Member of Parliament shall be as follows: a) To report punctually to and attend sessions of the Plenary and meetings of the committees he or she serves on”. In addition, article 5 of the National Parliament Rules of Procedure states that. “A Member of Parliament who is to absent himself or herself for more than three consecutive days on substantiated grounds may, through his or her political party, submit a request for an early justification of absence and temporary replacement of office”.

<sup>13</sup> All information regarding official attendance in this section is based on the “Lista de Presença dos Deputados” prepared by the Secretariat of the National Parliament. The attendance data is based on the signature of the Member of the Parliament (MP) who signs the attendance sheet during a plenary session. Therefore, this does not mean that the MP attended the entire session. Statistics and analysis are made by DGSU/UNMIT.

<sup>29</sup> For a better understanding of the activities of the Ombudsmen for Human rights and Justice Office, a new format has been designed for this April 2010 edition and the data revised.

<sup>30</sup> Carried Over cases (CO): Pending cases from the previous month (or year in the case of January 2010)

<sup>31</sup> New Case (NC): Any valid complaint that falls under the mandate of the Provedor.

<sup>32</sup> In accordance to its mandate, the Ombudsmen for Human rights and Justice Office only gives recommendation to the Prosecutor General Office or referred the case to another competent Institution.

<sup>33</sup> Processed Case (PrC): A case that has been concluded.

<sup>34</sup> Pending Case (PC): A case that is under consideration by the Provedor.

**Methodology:** According to the understanding of the Institution, a new complaint can become a new case, rejected complaint, referred complaint, or pending decision. Pending decisions are added to the list of considered complaints in the following month. Thus, for this report, the formulas applied for this section are:  $[PC=CO+NC-PrC]$  and  $[Actual PD=Total NComp-TotalNC-RComp-RefComp]$

## Annex 18: Media Sustainability Index 2008: The Development of Sustainable Independent Media in Timor-Leste<sup>82</sup>

### Media

- **Number of active print outlets, radio stations, television stations:** Print: 4 newspapers; Radio: 21 (one public broadcaster and at least 20 community stations); Television stations: 1 (*CIA World Factbook, 2006, USAID Timor-Leste Media Assessment*)
- **Newspaper circulation statistics:** N/A
- **Broadcast ratings:** TVTL is the only broadcaster in the country.
- **News agencies:** None.
- **Annual advertising revenue in media sector:** N/A
- **Internet usage:** 1,200 (2006 estimate, *CIA World Factbook*)

**Unsustainable, Anti-Free Press (0-1):** Country does not meet or only minimally meets objectives. Government and laws actively hinder free media development, professionalism is low, and media-industry activity is minimal.

**Unsustainable Mixed System (1-2):** Country minimally meets objectives, with segments of the legal system and government opposed to a free media system. Evident progress in free-press advocacy, increased professionalism, and new media businesses may be too recent to judge sustainability.

**Near Sustainability (2-3):** Country has progressed in meeting multiple objectives, with legal norms, professionalism, and the business environment supportive of independent media. Advances have survived changes in government and have been codified in law and practice. However, more time may be needed to ensure that change is enduring and that increased professionalism and the media business environment are sustainable.

**Sustainable (3-4):** Country has media that are considered generally professional, free, and sustainable, or to be approaching these objectives. Systems supporting independent media have survived multiple governments, economic fluctuations, and changes in public opinion or social conventions.

## Annex 19: Transparency International: Corruption Perceptions Index<sup>83</sup>

Transparency International published an annual Corruption Perceptions Index (CPI) table that shows a country's ranking and score, the number of surveys used to determine the score, and the confidence range of the scoring.

The rank shows how one country compares to others included in the index. The CPI score indicates the perceived level of public-sector corruption in a country/territory. The following table shows the ranking for Timor-Leste from 2006 (the first year data were available) to 2009.

### Timor-Leste Rankings:

|          | <b>PROMULGATION</b>        | Internal legal act by which the President of the Republic attests the existence of a duly ratified law, Decree-Law, treaty, etc., and order its execution within the territory. It is important to highlight the difference, in practical terms, between the effects of ratification and those of promulgation. If a State ratifies a treaty but does not promulgate it (and if its constitutional law requires promulgation), the conventional text is mandatory in the international sphere but not in the internal one. In this case, the State in question may be asked by other Contracting Parts to fulfill some of its conventional obligations, but one of its internal bodies may refuse to do so because of lack of promulgation. The faulty State then incurs in a situation of international accountability. |
